States; The Formation of Regional Structures, Authority and Responsibilities, the Matters

Relating to the Authority and Responsibilities must be compatible with

“Parliament of ASRICA Islamic Countries”.

3. PRINCIPLES RELATED TO CENTRALIZED ACTIVITIES OF THE UNION OF THE ISLAMIC COUNTRIES;

- We accept and undertake, it is essential and necessary; a system of justice over the existing **judicial systems** of Member States and Regional Formations, **Common Internal Security and Defense System** and **political relations with countries outside the Union conducted from the center**.
- We agree and undertake to support, for determining principles of Central **justice, internal security, outward defence and forming foreign affairs**, at the same time procedures and principles of its duties and responsibilities by the **Parliament of Islamic Countries**.

4. ISLAMIC ECONOMICS AND PROCEDURES AND PRINCIPLES OF ECONOMIC COOPERATION IN ISLAMIC COUNTRIES

We agree in order for Islamic Countries to reach welfare level above world standards and to gain economic independence; using the technology of the era, encouraging production, based on the Exchange of goods and services, protecting the labor-capital-consumer, providing fair-based distribution, not affected by the manipulation of the global powers, autonomous currency circulation system, economic system is necessary to establish as the second step on the path towards the Islamic Union.

For this, we consider these necessary and obligatory;

- Tablishment of **customs union** between Islamic countries,
- Establishment of a **common market** among Islamic countries,
- Acceptance of the **monetary union** between Islamic countries,
- Establishment of **trade zones** between the members of the union,
- Obtaining the **zekat institution** a corporate identity under the control of states and evaluating this as a **joint fund**,
- Establishment of the **Commercial Chamber, Trade Courts and Foundations** of the association, formation of **Islamic electronic dinar currency (ASRICA dinar)**,
- In line with the objectives of the union, the creation of a **common market and joint production and R&D incentive fund** in the state budget of each Islamic country,
- Resource planning study with **mutual investment fund** against being exploited of the resources of Muslim states,
- Establishing projects to reduce foreign dependency through the creation of a joint organization for **R&D and Innovation** activities,
- Development of existing tourism potential among Islamic countries, development of models and programs for development of **health tourism and other tourism activities**,
- Eliminating the needs of people living in the fasting border, **providing economic developments** and supporting the capacity building in the management mechanisms in many regions of Africa,
